

## Groundwater Governance through Panchayat Raj Institutions in Andhra Pradesh

## Progress Report

1<sup>st</sup> January 2016 to 31<sup>st</sup> March 2016

**Bharati Integrated Rural Development Society (BIRDS)**

# 26/130 B-2, EVA Nest, Gnanapuram, Nandyal (R.S) Kurnool District, Pin: 518 502, A.P, India.

Phone No: +91 8514 222266 | Fax: +91 8514 248444 |

## 1. Introduction

The 'Groundwater Governance through Panchayat Raj Institutions in Andhra Pradesh' pilot project is being implemented in five districts of Andhra Pradesh (Anantapur, Chittoor, Kadapa, Kurnool, and Prakasam), where FAO-APFAMGS successfully demonstrated the impact of the work on changes in the demand side in managing groundwater distress. In the pilot phase, the project aims to refurbish all groundwater monitoring infrastructure and establish linkages with Gram Panchayat for improved governance of this key resource. This initiative is co-funded by FAO and the Government of Andhra Pradesh. It is expected that the pilot initiative will develop a model for upscaling the project to cover all areas in these five districts as well as parts of Nellore.

The pilot project's duration is one year. The project has two major components. The first focuses on revitalizing the GMCs and HUNs formed under APFAMGS in 518 villages of the five districts. Additionally, it invests on repairing the PHM monitoring equipment to ensure that data collection is restored and done regularly. APFAMGS promoted Groundwater Monitoring Committees (GMCs) and Hydrologic Unit Networks (HUNs) are taking lead in technical data generation, water budgeting, crop planning and crop adoption. The second component focuses on initiating groundwater governance through Gram Panchayats in 72 villages of Kurnool district. This includes elements of water sharing to improve equity and access to water and thereby control new drilling and unsustainable water-use.

This pilot is being implemented in close collaboration with the groundwater and agriculture departments both for design of data collection formats and also for data validation. Additional inputs will be drawn from the departments of Groundwater, Rural Water Supply department, District Water Management Agency (DWMA), Micro Irrigation, Agriculture, Horticulture, Forestry, Soil Conservation, and Animal Husbandry in these districts as required.

BIRDS, the lead NGO in the erstwhile FAO-supported project is responsible for the project implementation. Improved groundwater governance involves coordination with the six partner agencies in implementing project activities such as, PHM data collection, data computerisation, data analysis, conduct of crop-water budgeting workshops, crop planning, crop adoption, capacity building of GP representatives, formation of farmer interest groups and farmer producer groups.

## **Activity Wise Progress Report (January – March 2016)**

### **Project Staff Training**

As per the plan, two trainings were organized in February and March, respectively. Material development workshop was held at BIRDS Training Center, Muthyalapadu, Kurnool District on 4th – 6th February 2016. The list of participants and resource persons is enclosed Annex 1. Likewise, one training on Farmers Interest Groups (FIG) and Farmer Producers Organization (FPO) was held at BIRDS Training Center, Muthyalapadu, Kurnool District on 14<sup>th</sup> March 2016 for the staff and HUN leaders of BIRDS. The list of participants is enclosed Annex 2.

### **Component 1: Participatory Hydrological Monitoring**

**Outcome 1:** Hydrological Unit Networks (HUNs) in five districts make informed decisions on agriculture livelihoods taking into account water availability.

Two Outputs were envisaged to occur as a result of the implementation of the activities under Component 1, discussed in the following section.

#### ***Output 1.1: Local monitoring systems of hydrological monitoring operating***

Target values and dates for realization of Output 1.1 were: a) Database of GP monitored data on groundwater levels, surface flow, rainfall and other meteorological parameters; in addition to secondary data on evapotranspiration for all land uses, drinking water and irrigation water usage, etc. for the 52 Hydrological Units spread over 5 districts. b) Soil moisture and soil organic carbon content improved in 52 HUs. c) Demand-side Water Management (DSWM) Plans using water balance/accounting and water audits prepared for 52 HUs facilitated through GPs

**Progress is:** a) Orientation of Gram Panchayat (GP) office bearers meeting on water governance is progressing. b) 256 WMC (Grama Jalamandali) meetings have been conducted. c) 173 WMC (GP Jalamandali) meetings have been conducted. d) Repair/Replace PHM equipment and display boards is yet to be initiated as the Department of Agriculture, Government of Andhra Pradesh is yet to complete the procurement of the equipment. e) PHM data and dissemination is being done in 463 wells that are presently functional; f) Data classification and entry is ongoing; g) Maintenance of PHM equipment is ongoing, however equipment for dysfunctional wells needs to be procured. The procurement specifications have been provided to the Department of Agriculture. We continue to follow up with the DoA on the procurement process. h) Benchmarking of soil moisture status using bio-indicators is planned for June 2016.

**Water Management Committees (WMC)/ Jala Mandali** –WMCs alternatively called as ‘Jala Mandalis’ have been formed at habitation and GramaPanchayat levels. Erstwhile GMCs of APFAMGS have been reconfigured as Jala Mandalis by incorporating members of Water Users Association (WUA), Vana Samrakshana Samithi (VSS), Village Water and Sanitation Committee (VWSC), etc. The process involves organizing a Grama Sabha, which is the general body of the GMC, at habitation level, discussing steps for reconfiguring GMC as Jala Mandali, and nominating members to the reconfigured Jala Mandali. The village-level Jala Mandali nominates 3 to 5 members to the GP level WMC. In each GP, the members nominated by the village-level Jala Mandalis constitute the GP Jala Mandali under the chairmanship of the GP Sarpanch. The objective of the Jalamandali (WMC) is

efficient water management based on participatory hydrological monitoring and resolving issues related to drinking and irrigation water.

**End of the March 2016 Progress is:** 483 Grama Jala Mandali are formed (list of Grama Jala Mandali is enclosed as *Annex 3*); 194 Grama Panchayat (GP) Jala Mandali are formed (list of GP Jala Mandali is enclosed as *Annex 4*).

***Output 1.2: PHM data disseminated***

Target values and dates for realization of Output 1.2 were: GPs and Farmers in 52 HUs have access to PHM data for improving water-use efficiency and reducing water pumping.

**Progress is:** a) Design data applications for dissemination of PHM data in 194 GPs (rainfall and water level data); b) Design applications for analysing PHM data in 194 GPs (rainfall and water level data); and c) Disseminate PHM data is ongoing.

Discussed in GP Jala Mandali GP level data of rainfall received and water levels for the past 5 years using bar charts. Trends in the rainfall data were discussed at the GP level. Analysing the data GP Governing Body and common people felt the importance of Participatory Hydrological Monitoring (PHM) of all water users—irrigation, drinking, commercial, and other uses. One member each from GP & WMC came forward to take the responsibility of data collection and dissemination. It was decided that during water crisis data will be discussed and analyzed once in a fortnight to resolve issues of access and conflicts, if any.

**Component 2: Water Governance**

**Outcome 2:** Gram Panchayats of 11 HUs in Kurnool district actively manage water resources, including problem solving of issues related to drinking and irrigation water, through improved water monitoring and ensure adherence to demand-side management plan

***Output 2.1: Gram Panchayats of 11 HUs in Kurnool district take lead in water governance***

Target values and dates for realization of Output 2.1 were: GPs of 11 HUs have DSWM plans in place

**Progress is:** a) 1 Vision building workshop conducted in BIRDS PNGO at the block GP level of 5 GPs and the vision shared with 23 GPs. Objective is to evolve vision of the GP for the near future. Action plan also prepared with indicators to monitor the progress of activities. b) PRI Office bearers promote DSGWM through linkages with government programmes to be carried out in May 2016 by GP with Project staff support. c) Water sharing norms will be developed through a meeting, in April 2016; d) Design water sharing arrangements will be developed in May 2016.

**Vision:** We the farmers of R. Krishnapuram GP will manage water collectively, share water with the people facing water deficit, encourage/assist farmers to organize themselves as Farmers Interest Groups to develop economically and build collective strength to secure remunerative prices for the farmer produce, also we will share the experiences gained with other farmers/organizations.

### **Component 3: Farmer Producer Organizations (FPOs)**

**Outcome 3:** Farmer Producer Organizations improve individual farmers' access to agriculture inputs, markets, and technology for judicious crop-water management

#### ***Output 3.1: Farmer Producer Organizations operational in Kurnool district***

Target values and dates for realization of Output 3.1 were: a) List of HUNs registered as FPOs b) Market plans of 11 FPOs operational.

**Progress is:** a) 18 FIGs have been formed and preparatory meetings are in progress in the remaining habitations. b) FIGs Training programme conducted for the staff and HUN leaders of BIRDS PNGO. c) 11 HUNs in Kurnool district reorganized as FPOs will be planned April 2016 d) 11 FPOs Orientation Training is planned will be planned April 2016 e) FPOs meet regularly to discuss functioning of PHM data collection and dissemination will be continued April 2016.

Crop specific FIGs have been formed at habitation level. Member farmers of all FIGs put together will form the FPO/FPC. Prime focus of the FPO is supply of the required inputs and marketing of the farm produce. Organic method of cultivation will be adopted by all member farmers. The goal is to reduce farmers' distress by improved post-harvest management, value addition to produce and reducing the role of middlemen.

#### **Exposure visit on FPO to Zaheerabad:**

Ms. Salome Yesudas, FAO consultant, 6 member staff, 10 FPO directors and 2 farmers participated in this exposure visit. They visited "Navachaithanya Farmer Producer Organisation at 'Hothibi' village near Zaheerabad. Mr. Dhanraj explained that the Navachaithanya Farmer Producer Organisation started in 2012. There are 2500 farmers and 10 directors in their FPO. They conduct monthly meetings. Farmer members cultivate Millets, Sugarcane, Ginger and Potato crops. Prior to the formation of FIGs & FPO they conducted baseline survey in 10 villages, conducted awareness camps and after 6 months FIGs were formed. FIG member meet twice a month. During the 1st year Government provided seed of green gram, black gram and red gram free of cost and with this cost of cultivation reduced. This year agreement made with "Ajeem Premji Foundation" and all crops are going to be cultivated.

#### **Training/Workshop/Meetings in which Project Staff participated during the reporting period**

##### **Mr. Shaik Abdulkhadar -Project Coordinator (Tech/NFE**

The Consultative Workshop on 'Addressing Farmer's Distress in highly vulnerable areas' (29<sup>th</sup> Feb 2016 at AF Ecology centre, Anantapur, Anantapur District AP)

##### **Mr. Shaik Abdulkhadar -Project Coordinator (Tech/NFE**

The conference on "Ground water perspective and Holistic Management in Andhra Pradesh and Telangana" at S.B Conference Hall, N.G.R.I-C.S.I.R, Uppal, Hyderabad on 28<sup>th</sup> March 2016 by Central Groundwater Board, Southern Region.

**Mr. V. Paul Raja Rao-Executive Director** Participated below meetings

Farmer distress meeting at WASSAN on 7<sup>th</sup> January 2016

Similar project proposal as that of GwG PRI AP for Telangana state: Discussion meeting held with Dr. K. A. S Mani and Dr. C. Konda Reddy on 24<sup>th</sup> – 25<sup>th</sup> February 2016 at BIRDS office, Hyderabad

HUNs meeting at Miryalaguda on 9<sup>th</sup> March

**FAOR and Prof. Ramesh Chand's visit to BIRDS (21<sup>st</sup> to 22<sup>nd</sup> February 2016)**

Mr. Shyam Khadka, FAOR and Prof Ramesh Chand, Member, NITI Aayog visited the Groundwater Governance through Panchayat Raj Institutions Project in Andhra Pradesh on 21<sup>st</sup> and 22<sup>nd</sup> February. As part of the visit, they visited and interacted with farmers from Rama Krishna Puram and Maripalli villages on February 21 and 22.

- Prof Ramesh Chand and Mr Shyam Khadka were impressed with their interactions with the farmer participants;
- Here below are excerpts from Prof Chand's speech:
  - o I salute the visionary who started BIRDS and for playing a laudable role in natural resource management.
  - o Future conflicts will be fought over water. Many books explain the problems at length, but do not offer solutions. BIRDS can lead and show the way to overcome water crisis. According to GURU Prabhand, air is the guide, water is father and earth is mother. I find that BIRDS has followed this order. I am happy women are taking very active part in water management and their empowerment is visible.
  - o Now we have a thinking Prime Minister. Planning commission is now NITI Aayog. Planning commission became an agent of distribution of money but PM wanted it to arrive at criteria for distribution of money. We as members are required to visit states and record best practices and feed them into NITI Aayog. Power of ideas is greater than the resources. I am now convinced that this project experience can be answer to NRM management. This is the sustainable model for ground water management and this is a model which can lead the country
  - o I will help you build linkages with CRIDA, NABARD, ICAR, etc.
- Following APFAMGS documents were shared upon Prof Chand's request: APFAMGS Final Evaluation Report, UN World Water Development Report, World Bank: Deep Wells and Prudence, and The Economist: For Want of a Drink
- Mr. Shyam Khadka had a good meeting with Sri Narsing Rao, Principal Secretary to the Chief Minister of Telangana on 23<sup>rd</sup> February. Konda and Mani followed up on this meeting and met with Sri Narsing Rao to share details of the APFAMGS and Groundwater Governance through Panchayat Raj Institutions Project.

### Activity wise Progress and Plan

Activity code	Activity	Achievement Upto March 2016	Plan April - June 2016
	Project Inception Workshop	1	
	Project Staff Training	4	
<b>Component 1: Participatory Hydrological Monitoring</b>			
Activity 1.1.1:	Orient Gram Panchayat (GP) office bearers		May
	a) Intimation to GP office bearers		
	b) Preparatory work for orientation		
Activity 1.1.2:	GMC meetings	483	On going
Activity 1.1.3:	Federate Gram Panchayats at the Hydrological Unit (HU) level (HUN meetings)		
	a) formation of WMC at GP level	194	
	b) Formation to GP level WMC members at HUN level Meeting	52	
Activity 1.1.4:	Repair/Replace PHM equipment and display boards		June
	a) Procurement of PHM Equipment		
	b) Preparing the details of PHM (OB wells, RGs etc) repairs and replacements		
Activity 1.1.5:	PHM data collection and dissemination	On going	On going
Activity 1.1.6:	Data classification and entry	On going	On going
Activity 1.1.7:	Maintenance of PHM equipment	On going	On going
Activity 1.1.8:	Data collection on PHM impact (Average crop yields, water harvested, water saved, etc.)		June
Activity 1.1.9:	Benchmarking of soil moisture status using bio-indicators		June
Activity 1.1.10:	Soil nutrient analysis		May
	a) Collection of Soil Samples		
Activity 1.1.11:	Collect crop plans for the upcoming season		May
Activity 1.1.12:	Conduct Water Audit workshops		
Activity 1.1.13:	Develop DSGWM Plans for each HU		June
Activity 1.1.14:	Conduct DSGWM adoption survey		
Activity 1.2.1:	Design data applications for dissemination of PHM data	2	June
Activity 1.2.2:	Design applications for analysing PHM data	2	June
Activity 1.2.3:	Disseminate PHM data	On going	On going
<b>Component 2: Groundwater Governance</b>			
Activity 2.1.1:	Vision building workshops	2	
	a) Intimation to WMC members for Workshop		
Activity 2.1.2:	PRI Office bearers promote DSWM through linkages with government programmes		May June
Activity 2.1.3:	Develop water sharing norms		April
Activity 2.1.4:	Design water sharing arrangements		May
Activity 2.1.5:	Develop DSWM plan for each GP and consolidate it at HU-level		

Activity code	Activity	Achievement Upto March 2016	Plan April - June 2016
Activity 2.1.6:	Implement DSWM plan		
<b>Component 3: Farmer Producer Organizations (FPOs)</b>			
Activity 3.1.1:	Formation of FIGs	19	April
	a) Preparatory meetings for FIGs formation		
Activity 3.1.2:	FIGs Training	1	April
	a) Intimation for FIGs training		
Activity 3.1.3:	11 HUNs in Kurnool district reorganized as FPOs		April
Activity 3.1.4:	11 FPOs Orientation Training		April
Activity 3.1.5:	FPOs meet regularly to discuss functioning of PHM data collection and dissemination		April
Activity 3.1.6:	FPOs – District level functionaries workshops		
Activity 3.1.7:	FPOs undertake market survey		
Activity 3.1.8:	FPOs prepare a market plan		
Activity 3.1.9:	FPOs undertake market operations of agriculture produce		

## **National Consultants Input**

### **1. K. A. S. Mani, Groundwater Specialist**

#### **Materials Development Workshop, 4<sup>th</sup> – 6<sup>th</sup> February 2016:**

K.A.S.Mani visited Muthyalapdu from 4 to 6th February 2016 to participate in the materials preparation workshop, providing hand holding support to staff on capacity building of Gram Panchayat office bearers, inventory of vegetative plants as indicators of soil moisture assessment status and for delineation of block Panchayat boundaries.

The three day workshop was attended by NGO chiefs, FAO Consultants and the staff from all the PNGO's working in Groundwater Governance Project.

The workshop was steered by Dr.Konda Reddy.

#### **4 Feb 2016 18.00 hrs: Meeting with Ramakrishnapuram Gram Panchayat Office bearers.**

Newly formed Ramakrishnapuram Water Management Committee (WMC) convened an informal meeting with invitation to all the Gram Panchayat office bearers, Old Groundwater Management Committee members, Hydrological Unit Network (HUN) members for interaction with the Project team. The meeting began at 6PM in the newly constructed Siva Temple located within the village.

The Lady Sarpanch, former Sarpanch, Secretary, GP office bearers, WMC members, HUN representatives and villagers attended the meeting.

Abdul Khadar invited all the participants to the meeting. Various points discussed and a decisions taken is summarised:

- Formation of 24 members WMC with members from Gram Panchayat, GMC and other water users. Sarpanch and Secretary along with the GMC members will ensure that the new objectives of the project are discussed regularly in the meetings. In the absence of any written communication from the Government the newly formed WMC is recognised by the government departments to officially respond to any recommendations of the committee.
- PHM Data gathering initiated in the village in 2005 is regularly being conducted. The upgraded monitoring systems (drinking water wells, additional irrigation wells, discharge measurements, detection of all losses) are still waiting for the supply of the infrastructure from the government.
- It was resolved that BIRDS will engage the services of an electrician to repair the instruments that need minor restoration to ensure some of the measurements related to drinking water wells and additional irrigation wells is taken up without delay.
- Drinking water shortages is a major concern and the demand side management concepts implemented to manage irrigation water shortages need application for rural water supply schemes also

- Demand Side Management of the Village Rural Water Supply System need to be taken up immediately by evaluating the overall efficiency of the water supply schemes (3 bore wells with their supply lines) and plug all wastages as a priority before new wells are proposed.
- Contamination of drinking water is an area of serious concern and needs to be addressed by replacing all degraded and leaky pipe lines.
- WMC will work with right earnest to make Ramakrishnapuram a model for water governance to address the problem of water distress in drinking water and irrigation sectors.

**5 Feb 2016 15.00 hrs: Delineation of Gram Panchayat and Block Panchayat Boundaries on basin map.**

- A group exercise was carried out to outline the Gram Panchayat (GP) geographical limits on HU map
- The exercise was essentially to identify the GP's that are fully, partially and outside of the HU.
- This mapping will help finalise the total number of GP's the Groundwater Governance project will consider for implementation under the current phase.
- The list of GP's will then be submitted to the respective district collectors and Project authorities, FAO for the full scale project implementation.
- This list help NGO chief to take a decision on the level of involvement habitations/GP's that are outside the HUN boundaries.
- The model exercise used BIRDS data to identify the GP's to be considered for the project implementation.
- 4 GP's were either partly or largely outside the HUN boundary.
- It was agreed that in places where the GP mainvillage was outside the HU then only the habitations part of the HU will be considered for implementation in the current phase. The GP Sarpanch will be requested to head the WMC even though some habitations are outside
- In the situation where GP village was inside and some habitation outside only those within will be included in the project work. GP Sarpanch will head the WMC
- In certain situations GP's are distributed in more than 1 HU. For operational convenience some adjustments will need to be considered.
- In any event the old HUN body will continue to function in the same way as established under APFAMGS.
- No new monitoring wells shall be established outside the HUN in the current project phase.
- The list of all GP's with HU names need to be finalised by 10 Feb 2016. A copy need to be marked to Paul Raja Rao for further sharing with Consultants.
- Rambabu shall visit BIRDS and redraw the maps on GIS and finalise it before 15 Feb 2016.

## **6 Feb 2016 07.30 hrs: Field Visit to Marrepally village for inventory of bio indicators towards establishing relationship of soil moisture level**

The field visit was undertaken to guide the team on field data collection for identifying local bio-indicators towards establishing relation between Soil Moisture levels the visit was undertaken to Peddavagu HU. A fallow land was selected for the inventory. Samples of grasses, herbs, bushes, trees were considered for inventory. The most representative plot 5X5 meters was selected for each of the different varieties and data collected by three different groups. The plot should be accurately located on the map. The plot selected was not influenced by any irrigation in the neighbourhood plots. GPS co-ordinate of the data collection point was accurately measured for revisit in the future. The data collected was entered into a format for detailed analysis. A model format is included in the report.

## **Vijayawada (10-12 Feb 2016)**

Dr. K.A.S. Mani visited Vijayawada from 10 to 12 Feb 2016 to participate and make presentations in the National Seminar on Conjunctive use of Surface and Groundwater organised by Government of Andhra Pradesh Water Resource Department.

The workshop was inaugurated by the Minister of Irrigation “Sri. Devineni Umamaheshwar Rao” Secretary Water Resources Department Shashi Bhushan Kumar IAS, Secretary Water Resources Improvement Programme G.Venkataramiah IFS, Dr. K. Venugopal Director GWD and a host of other dignitaries and scientists, Engineers. There were more 800 delegates drawn from 9 States, 21 National And International Agencies, Farmers, WUA elected members, NGO’s and students from Engineering Colleges.

Mani and Konda Reddy attended on behalf of FAO-India and presented two papers.

In the side-lines discussions were held with Director Andhra Pradesh Groundwater Department, Officers of Telengana Groundwater Department on the Groundwater Governance Projects. Both the departments expressed their interest in knowing more. Andhra Pradesh expressed their desire to create GP level Groundwater Database with real time data gathering infrastructure and are looking to replicate the model suggested by the Department of Science & Technology. In this connection they are interested to know more about the data base model implemented under APFAMGS, SPACC and Groundwater Governance project. Telengana Groundwater Department Officer Mr. Rakesh requested for the copy of Governance project proposal and discussions with the Director in the coming week.

K.A.S.Mani presented a paper entitled **““BIG DATA ANALYTICS” FOR DESIGNING FUTURISTIC SOLUTIONS TO MANAGE GROUNDWATER DISTRESS”**

## **FAOR and Prof. Ramesh Chand’s visit to BIRDS (21<sup>st</sup> to 22<sup>nd</sup> February 2016)**

I along with the team of FAO Consultants (C. Konda Reddy, Institutions and Governance Specialist; and Salome Yesudas, Farmers Producer Organization Specialist) accompanied Mr. Shyam Khadka, FAOR and Prof Ramesh Chand, Member, NITI Aayog for their visit to the Groundwater Governance through Panchayat Raj Institutions Project in Andhra Pradesh. As part of the visit, we visited and interacted with farmers from Rama Krishna Puram and Maripalli villages on February 21 and 22.

## **2. Salome Yesudas, Farmers Producer Organization Specialist**

### **January 4, 5, 6 & 7**

Formats preparation, guidelines preparation on FIG and FPO formation and telugu translation of data collection forms

### **February 21 & 22, 2016**

Facilitation of visit of FAOR and Prof. Ramesh Chand of Neethi Ayog

### **March 14, 2016**

Second Consultation with HUN leaders and Staff of BIRDSOn Farmer Producer Company

#### **Output:**

Name of FPO:	Ahobila Farmer Producer Organization AFPO
Name of FIG:	Ahobila Farmer Interest Group
Mandal wise FIG formation:	covering all the 3peoject area mandals FIG s will be formed
Data collection formats:	Field testing and fine tuning by April first week

#### **Other decisions**

1. All the 11 HUN leaders and farmers present in the meeting tentively selected 11 names from 3 mandals for company registration purpose ( 7 men and 4 women )
2. Once the company was registered all the FIG members who paid member ship and brought shares will become general body and elect directors by casting the vote
3. After the election of new board the old board will resign
4. The company will function as per the government rule and regulations
5. The company appoints CEO and other staff for smooth functioning
6. During May the company will develop business plans
7. Data entry will be through Habitation Resource Information System which was developed during APFAMGS project.
8. BIRDS' organization ED, Mr. Paul Raja Rao was selected as expert director.

### **March 15, 2016:**

Facilitation of field visits of MS Karnika Bahuguna, Correspondent Down to earth on FAO funded project story

### **March 24, 2016**

One day exposure visit to Nava chaithnya farmer producer organization Zaheerabad , medak district Telangana state on March 24, 2016

**Output:**

Interaction with Board Members, Directors and CEO gave clarity on roles and responsibilities

Witnessed all legal documents that are required to run the business

Discussed and understood their business plans for better understanding

**3. Radhika Desai, Gender and Social Inclusion Specialist**

Radhika visited Muthyalapdu from 4 to 6th February 2016 to participate in the materials preparation workshop, providing hand holding support to staff on capacity building of Gram Panchayat office bearers.

**4. C. Konda Reddy, Institutions and Governance Specialist****Materials Development Workshop, 4<sup>th</sup> – 6<sup>th</sup> February 2016**

A three-day materials preparation workshop was organized at Muthyalapadu. Staff from all the PNGOs participated in the workshop. FAO Consultants and PNGO Chiefs also participated in the workshop. Participant list is enclosed as Annex 1. The workshop objectives were:

- Review existing materials (posters, handouts, etc.) on PRI and Groundwater management
- Brainstorm topics on which materials are to be developed for groundwater governance
- Develop draft training materials
- Prepare a timeline for developing materials

Participants reviewed existing materials (posters, handouts, etc.) on PRI and Groundwater management and identified materials relevant for use in the current project. Later participants brainstormed topics on which materials are to be developed for groundwater governance. Here below is the final list of the materials to be developed:

1. PHM Monitoring Activities (APFAMGS & Groundwater Governance)
2. Percentage of Water users and percentage of water which can be saved. (Pie chart)
3. Groundwater Governance
  - a) Crop-water use Efficiency
  - b) Domestic-water use efficiency.
  - c) Water Sharing
  - d) DSWM Workshops.
4. Crop Water Economics (CWE) from RK Puram – BIRDS
5. Water consumption for crop – conventional method Vs Water Use Efficiency (WUE) methods – Comparing by Measuring Jars – input from Mani sir.
6. Domestic water wastage and Sanitation.

7. PanchayathJalaMandali Structure (GJM & PJM)
8. GP JalaMandali – Linkages with various Institutions.
9. Farmer Producer Organization (FPO) – structure.
10. Farmer Producer Organization (FPO) – activities.

Participants worked in small groups to illustrate content for the identified materials. The draft outlines of the materials were discussed in the large group and feedback was given to each group. Participants agreed that the first of the materials will be developed in a week and will be finalized by 19<sup>th</sup> February.

### **Vijayawada (10-12 Feb 2106)**

I along with Dr Mani travelled to Vijayawada, from 10 to 12 Feb 2016, to participate in the National Seminar on Conjunctive use of Surface and Groundwater organised by the Water Resources Department of the Government of Andhra Pradesh to make a presentation on the Groundwater Governance project that we are implementing in AP.

The workshop was inaugurated by Sri. DevineniUmamaheshwar Rao, Minister of Irrigation; Mr Shashi Bhushan Kumar IAS, Secretary Water Resources Department; G. Venkataramiah IFS, Secretary Water Resources Improvement Programme; Dr K. Venugopal Director Groundwater Department; and a host of other dignitaries, scientists, and Engineers. More than 800 delegates drawn from 9 States, 21 National and International Agencies, Farmers, WUA elected members, NGO's and students from Engineering Colleges participated in the workshop.

I and Dr Mani participated in the workshop on behalf of FAO-India and presented two papers.

In the side-lines discussions were held with Director Andhra Pradesh Groundwater Department, Officers of Telangana Groundwater Department on the Groundwater Governance Projects. Both the departments expressed their interest in knowing more about the AP Groundwater Governance through Panchayat Raj Institutions project. Dr. Mani will follow up with the Groundwater departments of the two states in the week of February 15<sup>th</sup>.

### **FAOR and Prof. Ramesh Chand's visit to BIRDS (21<sup>st</sup> to 22<sup>nd</sup> February 2016)**

I along with the team of FAO Consultants (K.A.S. Mani—Groundwater Specialist; and Salome Yesudas, Farmers Producer Organization Specialist) accompanied Mr. Shyam Khadka, FAOR and Prof Ramesh Chand, Member, NITI Aayog for their visit to the Groundwater Governance through Panchayat Raj Institutions Project in Andhra Pradesh. As part of the visit, we visited and interacted with farmers from Rama Krishna Puram and Maripalli villages on February 21 and 22.

- Konda to share with Prof Chand APFAMGS documents: APFAMGS Final Evaluation Report, UN World Water Development Report, World Bank: Deep Wells and Prudence, and The Economist: For Want of a Drink
- Konda to follow up with GoAP on the procurement of PHM equipment and issuance of Departmental Order for coordination between PRI Office bearers and BIRDS staff
- Konda to update FAOR on the follow up with GoAP

- Konda to meet with Sri Narsing Rao, Principal Secretary to the Chief Minister of Telangana and share details of the APFAMGS and Groundwater Governance through Panchayat Raj Institutions Project

#### **Key Findings of the Mission**

- Prof Ramesh Chand and Mr Shyam Khadka were impressed with their interactions with the farmer participants;
- Here below are excerpts from Prof Chand's speech:
  - o I salute the visionary who started BIRDS and for playing a laudable role in natural resource management.
  - o Future conflicts will be fought over water. Many books explain the problems at length, but do not offer solutions. BIRDS can lead and show the way to overcome water crisis. According to GURU Prabhand, air is the guide, water is father and earth is mother. I find that BIRDS has followed this order. I am happy women are taking very active part in water management and their empowerment is visible.
  - o Now we have a thinking Prime Minister. Planning commission is now NITI Aayog. Planning commission became an agent of distribution of money but PM wanted it to arrive at criteria for distribution of money. We as members are required to visit states and record best practices and feed them into NITI Aayog. Power of ideas is greater than the resources. I am now convinced that this project experience can be answer to NRM management. This is the sustainable model for ground water management and this is a model which can lead the country
  - o I will help you build linkages with CRIDA, NABARD, ICAR, etc.

## **Annex - 1**

### **Participants of Material development workshop**

<b>S. No.</b>	<b>Name of the Participant</b>	<b>Designation</b>	<b>Organization - Station</b>
1	Mr. V. Paul Raja Rao	Executive Director	BIRDS - Nandyal
2	Mr. G. Ravindra Kumar	PNGO Chief	CARVE - Markapur
3	Mr. B. Yesudas	PNGO Chief	DIPA - Giddalur
4	Mr. S. C. Hassain	PNGO Chief	SYA - Gooty
5	Mr. P. Nazeer Khan	PNGO Chief	PARTNER - Porumamilla
6	Mr. B.L.Narsimha Reddy	Office Manager/Accounts	BIRDS - Nandyal
7	Mr. Yusufkhan	Data Collection Assistant	BIRDS - Nandyal
8	Mr. Shaik Abdulkhadar	Project Coordinator & Agriculture Facilitator	BIRDS - Allagadda
9	Ms.S.Madhavi	Hydrological Facilitator	BIRDS - Allagadda
10	Ms. R. Lakshmi	NFE Facilitator	BIRDS - Allagadda
11	Mr. V. Diwakar	Village Coordinator	BIRDS - Allagadda
12	Mr.B.Pullaiiah	Village Coordinator	BIRDS - Allagadda
13	Mr. T. Obulesu	Village Coordinator	BIRDS - Allagadda
14	Mr. V.Bulliabbay	Village Coordinator	CARVE - Markapur
15	Mr.Mallikarjuna Rao	Village Coordinator	CARVE - Markapur
16	Mr. M.Guravaiah	Village Coordinator	DIPA - Giddalur
17	Mr. R.V.Narayana	Village Coordinator	DIPA - Giddalur
18	Mr.D. Abdulla	Village Coordinator	DIPA - Giddalur
19	Mr. C. Nagi Reddy	Village Coordinator	GVS - Madanapalli
20	Mr.T.Chandra	Volunteer	GVS - Madanapalli
21	Mr. M.Eswarayya	Village Coordinator	PARTNER - Porumamilla
22	Mr. R.Ramanayya	Village Coordinator	PARTNER - Porumamilla
23	Mr.A.Veera Brahmam	Village Coordinator	SAFE - Cumbhum
24	Mr.V.Ravi Kumar	Village Coordinator	SAFE - Cumbhum
25	Mr.P.Pullanna	Volunteer	SAFE - Cumbhum
26	Mr.M.Hussain Saheb	Village Coordinator	SYA - Gooty
27	Mr.M.Srinivasulu	Village Coordinator	SYA - Gooty

### **List of Resource Persons**

<b>S. No.</b>	<b>Resource Person Name</b>	<b>Designation</b>	<b>Organization</b>
1	K. A. S. Mani	Groundwater Specialist	FAO India
2	Radhika Desai	Gender and Social Inclusion Specialist	FAO India
3	C. Konda Reddy	Institutions and Governance Specialist	FAO India

**Annex 2**  
**Participants - training on FIGs and FPOs**

<b>S. No.</b>	<b>Name of the Participant</b>	<b>Designation</b>	<b>Organization - Station</b>
1	Ms. Salomi Yesudas	FAO Consulatant	FAO India
2	Mr. V. Paul Raja Rao	Executive Director	BIRDS - Nandyal
3	Mr. Shaik Abdulkhadar	Project Coordinator & Agriculture Facilitator	BIRDS - Allagadda
4	Ms.S.Madhavi	Hydrological Facilitator	BIRDS - Allagadda
5	Ms. R. Lakshmi	NFE Facilitator	BIRDS - Allagadda
6	Mr. V. Diwakar	Village Coordinator	BIRDS - Allagadda
7	Mr.B.Pullaiiah	Village Coordinator	BIRDS - Allagadda
8	Mr. T. Obulesu	Village Coordinator	BIRDS - Allagadda
9	Mr.D. Pavan	Village Coordinator	BIRDS - Allagadda
10	Mr.G.Ramakrishna Reddy	Farmer	Muttaluru
11	Mr.K.Veerachary	Farmer	R.K.Puram
12	Mr.G.V.Konda Reddy	Farmer	R.K.Puram
13	Mr.T.Pullaiiah	Farmer	Mutyalapadu
14	Mr.L.Obulesu	Farmer	Peddabodhanam
15	Mr.S.Dastagiry Reddy	Farmer	Nallavagulapalle
16	Mr.B.Pulla Reddy	Farmer	D.Kottapalle
17	Mr.U.Gopal	Farmer	D.Vanipenta
18	Ms.P.Lakshmi Narasamma	Farmer	Madduru
19	Mr.P.Papi Reddy	Farmer	Mrripalle
20	Mr.G.C.Ankal Reddy	Farmer	Thodendla Palle
21	Ms.P.Mahaboobi	Farmer	Peddavangali
22	Mr.Narasimhulu	Farmer	Chinnaahobilam
23	Mr.Swamy Naik	Farmer	M.Thanda
24	Mr.K.Bala Naik	Farmer	M.Thanda
25	Mr.Satyababu	Farmer	Chagalamarry
26	Mr.D.Subbarayudu	Farmer	Kolumulapeta
27	Ms.T.Aruna Kumari	Farmer	Chagalamarry
28	Ms.Nagavenamma	Farmer	Mandaluru
